TRACY HEATLEY

BETTER NETWORKING

Since 2007, I have helped hundreds of business owners and professionals win thousands of pounds worth of business, through word-of-mouth marketing and referrals. I offer one-to-one coaching, in-house bespoke training courses and monthly networking training workshops to help you become a more accomplished networker.

Thanks to our dedicated training, you will learn the skills you need to help you build up your confidence, create a rapport with those you meet and forge those lasting working relationships that ultimately lead to more referrals and new opportunities.

As a qualified Chartered Marketer and NLP Master Practitioner, I can use my years of training, experience and expertise to help you overcome your fear of networking and turn your weaknesses into strengths. Through me, you will be able to discover the power of effective and influential communication, and grow yourself and your business in the process.
